NO JOKING! Probably one of the cleanest Oshkosh ten wheelers around! Comes with 10 yard steel spreader, liquid pre wet system, and closed loop ground speed control. Front plow right angle, and a whopping 12' right hand wing! This truck is clean. Exhaust, clutch, brakes, and front springs replaced by Town that owned it just before we got it. Monroe dump body replaced in 2006, all new bud rears and tires in 2009. The Town this came from was not scared to spend money. Tall snow fighter!
 This one is a money maker!
\$65,000 today!
 compare to new at maybe \$325K?
